TO : Director of Training

DATE: 13 February 1970

FROM : Chief, Career Training Program

SUBJECT: Weekly Activities Report

The number of Career Trainees in the Operations Course Phase I has been further reduced by three to a total of thirteen. Of the three withdrawn, one belatedly was given constructive credit for the course in view of prior military training, a second is judged not suitable for assignment to the Clandestine Service, and the third recently suffered a shoulder injury which will defer his Phase II training.
